## 2. WHAT CONSTITUTES A SERIOUS (NON-ROUTINE) COMPLAINT?

**“complaint”** means, subject to section 26(1)(a)(ii) of the FAIS Act (37 of 2002), a specific complaint relating to a financial service rendered by an FSP or representative to the complainant on or after the date of commencement of the FAIS Act, and in which complaint it is alleged that the provider or representative-

- (b) has willfully or negligently rendered a financial service to the complainant which has caused prejudice or damage to the complainant or which is likely to result in such prejudice or damage; or
- (c) has treated the complainant unfairly.

## 3. WHAT CONSTITUTES A ROUTINE COMPLAINT?

The FSP is committed and dedicated not only to delivering a high standard of service to its clients, but also to fully embedding the Treating Customers Fairly principles within the organization, and for this reason has decided that routine complaints by clients need to be recorded and tracked for quality control purposes.

The following are examples of routine complaints:

- Failure to or lack of proper and regular follow-up with product providers regarding instructions submitted;
- Failure to perform client instructions;

- Delay in turnaround times for processing of client instructions;
- A lack of or poor feedback to client regarding the processing of instructions;
- Poor attitude of servicing staff;

#### 4. BASIC PRINCIPLES OF THE COMPLAINTS RESOLUTION SYSTEM

The FSP is committed to maintain an internal complaint resolution system and procedures based on the following:

- (a) maintenance of a comprehensive complaints policy that outlines the FSP's commitment to, and system and procedures for internal resolution of complaints;
- (b) transparency and visibility, ensuring that clients have full knowledge of the procedures for resolution of their complaints;
- (c) accessibility of facilities, ensuring the existence of easy access to such procedures at the office provider open to clients, or through ancillary postal, fax, telephone or electronic helpdesk support; and
- (d) fairness, ensuring that a resolution of a complaint can during and by means of the resolution process be affected which is fair to both clients and the FSP and its staff.
